The quiet, river side cluster of towns known as the Quad Cities have yet to get used to the presence of the masked vigilante known as Vanguard. At the same time, Angus Dunn is still struggling to adapt to his new identity as a masked vigilante. To add to his struggle, the hanging of a young girl, the first of many hangings to come, has sparked a gang war, but the sinister motive behind the hangings may prove gang war to be the least of his problems. A new presence has revealed itself, challenging Vanguard's ability to protect his home, and Angus' ability to balance his life. Will Angus' experience as a soldier, a vigilante, or his own hidden abilities be enough to survive?
