

Drop Zone

In the pulse-pounding tradition of W.E.B. Griffin and Richard Marcinko, here is a pure adrenaline skydive into enemy territory a top-notch military adventure written by an Air Force Combat Crewmember who knows firsthand what awaits in the Drop Zone. Among the U.S. Special Forces most valued troops are the Air Forces Pararescue Teams PJs who drop out of C-130s or HH-60G Blackhawks into places no one else can reach, to retrieve the wounded, the dying ... and the secrets their government will kill to uncover. Outfitted with the military's most sophisticated equipment, Master Sergeant Jason Johnson is one of the nation's best pararescue jumpers. Now he's been teamed up with a hotshot Marine for his most perilous mission yet. Johnson must drop behind enemy lines in war-torn Bosnia to find and retrieve evidence of a horrifying war crime: the ethnic cleansing of five thousand civilians through the use of a deadly nerve toxin. But from the moment they leap into the swirling Balkan darkness, Johnson and his partner enter a landscape of unspeakable destruction and despair and a mission that goes wrong in every conceivable way. On a race through enemy territory, Johnson is stripped of every means of survival and only a miracle will bring him out alive.... From the Paperback edition.

Portland's Solar Equipment Installation Experts Referral SOLAR Save Money Help the Environment Gain Power Independence Learn About the Benefits of Solar Panels

"I had solar panels installed on my roof in July. Rob from Referral solar is very experienced and professional. He gave me recommendations based on my home and helped me choose from the different payment options based on my budget."

Drop Zone

Judy C.

"I'm using zero net electricity and that feels wonderful. I've had the system up and running for two months now, and the results are better than I expected!"

Daniel M.

"I would highly recommend Referral Solar Portland to everyone! They installed solar panels at my home about a year ago. We've had rain since the install and no leaks to report. The energy we've been generating is consistent and clean. I couldn't be more pleased."

Martin C.
