

## Angola: Anatomy of an Oil State (African Issues)

This second enlarged and updated edition includes the death of Savimbi, which brought the MPLA/UNITA war to a close. Meanwhile the oil companies rush for the very deep offshore claims which are insulated from the dangers of civil strife. The study focuses on the profound changes in Angolas political economy. TONY HODGES worked in Angola for UN agencies from 1994-1998 North America: Indiana U Press
