

Essays on George F. Walker: Playing with Anxiety

From his plundering of elements from B-movies and melodrama in early plays like *Zastrozzi* and *Beyond Mozambique* to the uneasy satire and the class politics of the *East End* and the *Power* plays, and now most recently in the shape of *Suburban Motel*, a cycle of six new plays, George F. Walker has not only created a substantial and impressive body of work, but impressed it all with his unique Walkeresque stampbrush, assertive, perceptive, genuinely perverse, often wonky, and very, very funny. Toronto's most-produced and internationally recognized playwright, Walker's plays have appeared on stages in London and New York, across North America and around the world.
