

Fear

Everyone has a memory they'd like to forget. For federal witness Miles Kendrick, it's the shootout that left his best friend dead and Miles a hunted and haunted man. While helping his psychiatrist with a mysterious favor, Miles stumbles upon an illegal research program that could free him and millions of others with posttraumatic stress disorder from crippling memories. But when his doctor ends up dead, Miles must run for his life from a murderous conspiracy that gives new meaning to the word fear.
