

Flying Tailwheel Airplanes - The 3Point Aviator Way

Tailwheel airplanes have unique handling characteristics that most tricycle-gear pilots find challenging. Flying Tailwheel Airplanes - The 3Point Aviator Way - provides detailed diagrams and photographs that assist tricycle-gear pilots to safely transition to tailwheel airplanes. This training manual is based on the 3Point Aviator Inc. proven training program and includes an Appendix dedicated to a comprehensive review of flight planning, including a number of flight planning tools and a flight planning checklist. This manual also served as the basis of an EAA Webinar presented by the author. From Newtons 3 Laws of Motion to Wheel landings on grass strips, its all in Flying Tailwheel Airplanes - the 3Point Aviator Way.

Portland's Solar Equipment Installation Experts Referral SOLAR Save Money Help the Environment Gain Power Independence Learn About the Benefits of Solar Panels

"I had solar panels installed on my roof in July. Rob from Referral solar is very experienced and professional. He gave me recommendations based on my home and helped me choose from the different payment options based on my budget."

Judy C.

"I'm using zero net electricity and that feels wonderful. I've had the system up and running for two months now, and the results are better than I expected!"

Daniel M.

"I would highly recommend Referral Solar Portland to everyone! They installed solar panels at my home about a year ago. We've had rain since the install and no leaks to report. The energy we've been generating is consistent and clean. I couldn't be more pleased."

Martin C.
