

The Onion's Baratunde Thurston shares his 30-plus years of expertise in being black, with helpful essays like "How to Be the Black Friend," "How to Speak for All Black People," "How To Celebrate Black History Month," and more, in this satirical guide to race issues—written for black people and those who love them. Audacious, cunning, and razor-sharp, How to Be Black exposes the mass-media's insidiously racist, monochromatic portrayal of black culture's richness and variety. Fans of Stuff White People Like, This Week in Blackness, and Ending Racism in About an Hour will be captivated, uplifted, incensed, and inspired by this hilarious and powerful attack on America's blacklisting of black culture: Baratunde Thurston's How to Be Black.
