

Virginia (The Masters Plan Book 1)

Its clear to me and many other people the need to establish oneself to the cultural identity of a persons time period prior to ones own in order to better understand the present age in which one lives. Slavery is the main protagonist and antagonist of American History, no other form of relationship between two human being has ever been so controversial as to cause the civil war and other problems of race and politics that stand clear to this day as problem rooted in a lack of moral and legal human rights movements for people deprived of their freedom in the prime of their lifes. The Masters Plan is the original thirteen colonies turned into thirteen poetry books to display the foundations of the African American Civil Rights Movement in the 1960s as a result of a far less known tale of one man who became to so many a voice of abolition that spoke to the heart of the issue at hand can one man take anothers freedom without losing his own.

Portland's Solar Equipment Installation Experts Referral SOLAR Save Money Help the Environment Gain Power Independence Learn About the Benefits of Solar Panels

"I had solar panels installed on my roof in July. Rob from Referral solar is very experienced and professional. He gave me recommendations based on my home and helped me choose from the different payment options based on my budget."

Judy C.

"I'm using zero net electricity and that feels wonderful. I've had the system up and running for two months now, and the results are better than I expected!"

Daniel M.

"I would highly recommend Referral Solar Portland to everyone! They installed solar panels at my home about a year ago. We've had rain since the install and no leaks to report. The energy we've been generating is consistent and clean. I couldn't be more pleased."
