

The Law of Redundancy

Since 1981, and the last edition of this text, the law of redundancy has undergone a profound change in emphasis. The enterprise culture of the 1980s has had its impact, forcing employers to restructure their businesses. In this climate of change, the law has had to adapt. This text covers the following topics in detail: compulsory consultation with recognized unions, dismissal, lay-off and short-time and the offer of new employment. Further consideration is given to redundancy payments, employers rebates, guaranteed payments and unfair dismissal for redundancy. This new edition also includes detailed examination of the decision of the House of Lords in *Polkey v Dayton (AE) Services*. The Law of Redundancy is a thorough analysis which will prove invaluable to solicitors and barristers as well as Trade Union officials, personnel managers and anyone involved in Labour relations Law.

Portland's Solar Equipment Installation Experts Referral SOLAR Save Money Help the Environment Gain Power Independence Learn About the Benefits of Solar Panels

"I had solar panels installed on my roof in July. Rob from Referral solar is very experienced and professional. He gave me recommendations based on my home and helped me choose from the different payment options based on my budget."

Judy C.

"I'm using zero net electricity and that feels wonderful. I've had the system up and running for two months now, and the results are better than I expected!"

Daniel M.

"I would highly recommend Referral Solar Portland to everyone! They installed solar panels at my home about a year ago. We've had rain since the install and no leaks to report. The energy we've been generating is consistent and clean. I couldn't be more pleased."

Martin C.
