

Shadows in the Dark

Within the pages of this book are three stories. These stories range from a murder mystery to a group of kids with super powers. Though a strange grouping of tales, these stories still manage to fit together perfectly. They're dark, suspenseful, and riveting. These stories tell more of a tale than meets the eye. They reveal a door into another world. A world in which most don't venture. But, you, lucky reader, are welcomed. For the first time, I lend the key into this world to the hands of you. Don't worry, it's not as dangerous as one might think.
