

Songs on Bronze: The Greek Myths Made Real

A vivid, uninhibited retelling of the classic Greek stories. Songs on Bronze is the first major retelling of Greek mythology in half a century; a set of lively, racy, dramatic versions of the great myths, which, in a multicultural society, are recognized more than ever as stories without equal. Most of us would like to know the Greek myths better than we do, and books like Seamus Heaney's Beowulf have demonstrated the power of ancient texts to enchant and enthrall us. And yet the modern translations of the Greek myths have sought to instruct, to edify, or to impart a personal philosophy. Songs on Bronze is different. With this book, Nigel Spivey--a young Cambridge classicist and rising star as a documentary host--gives us the Greek myths as the spellbinding stories they are. In bold, sensuous prose, he tells of Demeter and Persephone, of Jason and the Argonauts, of the wrath of Achilles and the travels of Odysseus, of Oedipus's crime and Orpheus's excursion into the underworld. In his hands, these stories are revealed anew as outsize tales of love and strife, of secret compacts and open rivalries, of lust and desire. Songs on Bronze is a fresh revision of the classics that is likely to become a classic in its own right.

Portland's Solar Equipment Installation Experts Referral SOLAR Save Money Help the Environment Gain Power Independence Learn About the Benefits of Solar Panels

"I had solar panels installed on my roof in July. Rob from Referral solar is very experienced and professional. He gave me recommendations based on my home and helped me choose from the different payment options based on my budget."

Judy C.

"I'm using zero net electricity and that feels wonderful. I've had the system up and running for two months now, and the results are better than I expected!"

Daniel M.

"I would highly recommend Referral Solar Portland to everyone! They installed solar panels at my home about a year ago. We've had rain since the install and no leaks to report. The energy we've been generating is consistent and clean. I couldn't be more pleased."
