

The Childrens Hour: A Novel

Marcia Willets A Week in Winter and A Summer in the Country, her first two novels to be published in the United States, were welcomed enthusiastically by both eager readers and appreciative reviewers. Her new novel, The Childrens Hour, will not only delight her current ardent fans, but will garner Marcia Willett a whole new circle of friends. The Childrens Hour is set in a big old rambling house overlooking the sea, where assorted small children listened as their mother read them a story. Theirs was an idyllic childhood, as they played on the beach and in the garden and woods, before the war--and other tragedies--disrupted their lives. Now, many years later, two of the sisters, Nest and Mina, still live at Ottercombe, their beautiful family home. There they delight in their splendid dogs, the gorgeous Devon countryside, and visits from Lyddie, their much-beloved niece. But when their sister Georgie comes to stay, unwelcome memories of their shared childhood start to emerge. As a child, Georgie claimed to know all their secrets--secrets that she now wants to share. Georgies revelations are a reminder of long-buried passions and promises and bring unexpected shocks to a new generation struggling with their own unruly hearts. A triumph of beautifully interwoven story lines and unfolding dramas, The Childrens Hour will secure Marcia Willetts growing reputation as a world-class master storyteller.

Portland's Solar Equipment Installation Experts Referral SOLAR Save Money Help the Environment Gain Power Independence Learn About the Benefits of Solar Panels

"I had solar panels installed on my roof in July. Rob from Referral solar is very experienced and professional. He gave

me recommendations based on my home and helped me choose from the different payment options based on my budget."

Judy C.

"I'm using zero net electricity and that feels wonderful. I've had the system up and running for two months now, and the results are better than I expected!"

Daniel M.

"I would highly recommend Referral Solar Portland to everyone! They installed solar panels at my home about a year ago. We've had rain since the install and no leaks to report. The energy we've been generating is consistent and clean. I couldn't be more pleased."
