

Mommies (Bridal Series Book 3)

Britton and her wife Daphne have been married for a year and a half and are happy with their life, until Britton's mother hounds her to find out why her sister Bridget hasn't decided to have children yet. This prompts Daphne to bring up the big subject of having kids of their own with Britton. Britton hadn't really thought much about having kids, but her love for Daphne makes her see life and their future together in a whole new way when they decide to become mommies.
