

Pool Boy

STARbooks Press announces its new gay erotica release *The Pool Boy* by author R. W. Clinger. Experience an erotic dream come true with this chiseled tale of man obsessed with man. A sexy combination of summer romance, deep guy-cravings, and everything you've always dreamed of when it comes to *The Pool Boy*. In this steamy and guy-hard tale, R. W. Clinger wets the readers' tongue as middle-age novelist Robert Fine is in search of a summer pool boy at his Lake Erie beach house. To his lust-filled surprise, straight Kent Tacoma arrives, and is interviewed for the position. After hiring Tacoma, Fine explores the necessary means of erotic joy between men. The writer becomes obsessed with *The Pool Boy*. And Tacoma, sweetly hot and innocent, begins to comprehend the masculine attraction and questionable relationship between employer and employee. *The Pool Boy* is about tending to pools and a young man's skin, summer at its best. A dick-jolting read that will make you hard all summer long! Jake Druga, editor, *The Writers Post Journal* Relax and take some time out to have some fun in the sun with this ex-Navy [Kent Tacoma, *The Pool Boy*] and his sex-obsessive companion *The Pool Boy* is an unstoppable read with the hottest goods, something that will bring about a sting in your swimsuit. Clint Shellings, author of *Be Good To Bradley*

Portland's Solar Equipment Installation Experts Referral SOLAR Save Money Help the Environment Gain Power Independence Learn About the Benefits of Solar Panels

"I had solar panels installed on my roof in July. Rob from Referral solar is very experienced and professional. He gave me recommendations based on my home and helped me choose from the different payment options based on my

budget."

Judy C.

"I'm using zero net electricity and that feels wonderful. I've had the system up and running for two months now, and the results are better than I expected!"

Daniel M.

"I would highly recommend Referral Solar Portland to everyone! They installed solar panels at my home about a year ago. We've had rain since the install and no leaks to report. The energy we've been generating is consistent and clean. I couldn't be more pleased."
