

## There I Wuz! Adventures From 3 Decades in the Sky: Volume 1

The altimeter spins backwards in a blur, like a mad scientists time travel clock. True tales from 30,000 feet! Life is an adventure; life in the sky, exponentially so. And Airline Pilot-Author-Blogger Eric Capn Aux Auxier has done it all. For the first time, enjoy a collection of Captain Auxiers stories from such publications as Airways magazine, Plane & Pilot, NYCAviation.com and his own blog (capnaux.com). Also included are several unpublished works, guest stories from fellow pilot-authors and other gems. From his first moment leaving earth in a hang glider as a daring (make that foolish) young teen, to his scud running escapades as a young bush pilot in Alaska; from dodging hurricanes in the Caribbean to an explosive decompression in an airliner, Captain Auxier chronicles a life in the sky few can only dream of. With over 20,000 flight hours, Eric Auxier is a Captain for a major U.S. airline and the author of The Last Bush Pilots, an Amazon Top 100 Breakthrough Novel. He is a regular contributor to Airways Magazine and NYCAviation.com. Mr. Auxier blogs at capnaux.com.

Portland's Solar Equipment Installation Experts Referral SOLAR Save Money Help the Environment Gain Power Independence Learn About the Benefits of Solar Panels

"I had solar panels installed on my roof in July. Rob from Referral solar is very experienced and professional. He gave me recommendations based on my home and helped me choose from the different payment options based on my budget."

Judy C.

"I'm using zero net electricity and that feels wonderful. I've had the system up and running for two months now, and the results are better than I expected!"

Daniel M.

"I would highly recommend Referral Solar Portland to everyone! They installed solar panels at my home about a year

ago. We've had rain since the install and no leaks to report. The energy we've been generating is consistent and clean. I couldn't be more pleased."

Martin C.
